Fiscal Year 2003 Strategic Plan Accomplishments

Community Safety

- Worked with community members to better define Community Policing and standardize its implementation throughout the Department.
- Realigned 42 sworn officers to Patrol Calls for Service putting more officers "on the street".
- Started construction on the North Police Substation and renewed the lease on the East Patrol Substation facility at 4800 Los Coyotes Diagonal.
- Started the seismic retrofit of the Public Safety Building.
- Hired 120 new Police Recruits and 17 lateral Police Officers.
- Conducted monthly community meetings on Crime Prevention.
- Facilitated interfaith ministers leadership on two marches and community assemblies against gang violence in North and Central Long Beach.
- Graduated 91 community members from two Community Police Academy courses.
- Redesigned the Police Department Internet Website, with numerous links to important public safety information.
- Refocused the 15 Chief's Advisory Groups on crime-related problems and the development of collaborative solutions.
- Designed a community meeting room in both the North Police Substation and the Public Safety Building.
- Expanded Public Information outreach efforts to all local media outlets.
- Expanded the role of the Senior Police Partners to support community-policing efforts at Substations and extended outreach to seniors.
- Reinvigorated and expanded participation in Neighborhood, Apartment and Business Watch programs.
- Worked with the Ministers Alliance, the City's Gang Intervention and Prevention Program staff, the Police Chaplains, and the African-American, Latino and Asian Advisory Groups to develop strategies to reduce gang violence.
- Worked with Long Beach Unified School District leadership to coordinate efforts to increase youth safety on and off campus using School Resource Officers, juvenile patrol cars and programs like Safe Passage.

Fiscal Year 2003 Strategic Plan Accomplishments

- Opened a North Police Athletic League (PAL) site in collaboration with the Parks Recreation and Marine Department. Now operating three PAL sites in the City.
- Increased the dialogue between the Police Department and youth groups in the City, such as Coral.
- Expanded recruiting efforts for the Police Explorer program.
- Completed construction of the Emergency Communications and Operations Center (ECOC) at the corner of Spring and Redondo.
- Participated in Los Angeles County Terrorism Early Warning Group, a regional law enforcement collaboration of federal, state and local agencies, to optimize preparedness.
- Created the Airport and Port Security Units to deal with the threat of terrorism at the Long Beach Airport and on the water in the Long Beach Harbor.
- Prepared and implemented a comprehensive plan for heightened security during the war with Iraq.
- Worked with our legislators and lobbyists to apply for and receive Homeland Security grants to enhance our preparedness for this new set of missions.
- Introduced the "Take Back Our Streets" program to cleanup and enhance the quality of life in impacted neighborhoods.
- Participated in a collaborative effort with Nuisance Abatement and Code Enforcement staff to address problem locations in the City.
- Patrol Division personnel participated in numerous neighborhood/alley cleanup programs throughout the City.
- Implemented foot patrols in several high-crime neighborhoods and focused community policing team deployment in areas of reported drug sales.
- Implemented a new City program to help reduce prostitution on local streets.
- Worked with the Department of Health and Human Services to more accurately count the number of homeless in Long Beach and identify alternatives to help get them into programs to reduce homelessness.

Fiscal Year 2004 Department Opportunities and Challenges

Opportunities

- Service delivery improvement opportunities are expected to result from the increased dialogue established between the Police Department and the community. Working closely with the community helps the Department identify the critical issues impacting public safety and will assist with better focusing of resources.
- The reassignment of Police Officers to Patrol Bureau positions has put more officers on the street and increased the capacity to respond to calls for service.
- Reorganizations are allowing for more concentrated efforts of detectives to solve crimes and arrest perpetrators. Preliminary results of this effort bode well for FY 04.
- A unique opportunity exists for the Department to partner with the community to reduce gang-related violence and provide meaningful gang alternatives to the thousands of young people in our City's middle and high schools.
- Federal support for several Homeland Security programs will greatly assist the Department in putting equipment and programs in place to help minimize the threat to the City from terrorist action.
- A new contract with Long Beach City College to provide law enforcement and security services on the College's campuses offers an opportunity to expand the role of the Department, provide quality service to the College and add both sworn and civilian staff at no cost to the City. The presence of our officers on campus should also help recruiting efforts for new Police Officers.

Challenges

- The most significant challenges are crime-related. Violent and gang-related crimes continue to plague the City. Challenging economic times and the resultant unemployment, particularly among the youth population, worsen the problem. Police enforcement alone is not the answer. Bringing together neighborhoods, businesses, non-profits, churches, schools and government to address root causes of the problems is a major challenge.
- Department realignments, reorganizations, and the reduction of civilian staffing put more stress on all employees. The budget reductions in training and procurement will have a longer-term impact. The inability to keep pace with state-of-the-art programs in law enforcement equipment and facilities will likely erode Department capabilities. Developing cost-effective ways to overcome tactical and technical obsolescence will be an equally demanding challenge.
- To meet the varied safety needs of our diverse community, a standardized, yet more flexible and expansive Community-Oriented Public Safety (COPS) program must be developed. The program should be developed with community input and practiced by all employees, sworn and civilian. Accomplishing this objective, given limited resources is a necessary, but significant challenge.

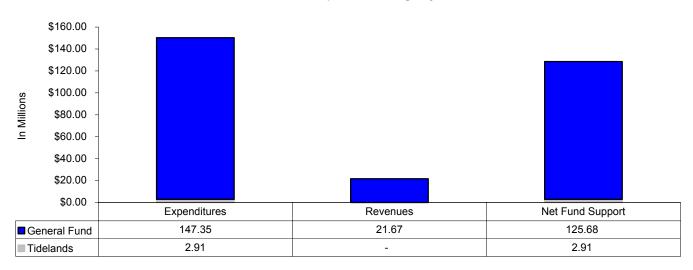

Year One Implementation - Three-Year Financial Strategic Plan

Structural Deficit Reductions

| DESCRIPTION | SERVICE IMPACT |
|---|--|
| Consolidate Department Administrative and Support Staff Positions (\$696,000) Elimination of 13.5 staff positions: 11.5 clerical; 2.0 management; and 1.0 security position | Increased administrative processing times for all police reports and records, elimination of free employment record screening and greater workload on remaining staff. |
| Eliminate Offsite Council Meetings (\$4,000) | The Council decided in FY 03 to eliminate offsite meetings, allowing the department to cut overtime. No adverse impact to the Department is expected. |
| Reduce Materials, Supplies, Equipment and Furniture Purchases, and Debt (\$1,492,000) 20% across the board reduction to most areas, plus specific reductions in training and travel, equipment and furniture, temporary staffing, office equipment, small tools and equipment, office supplies and the Sick Leave Incentive Program, specific reduction to unused debt service | Reduced training and travel will require more in-house programs, putting more reliance on Advanced Officer Training Courses. Temporary staffing cuts will slow the administrative processes. Equipment and furniture procurement will be deferred. Elimination of the Sick Leave Incentive Program may result in a higher use of sick leave. |
| Consolidate and Reduce Clerical, Security and Other Support Positions Throughout the Department (\$1,372,000) Elimination of 26.0 staff positions, including 9.0 clerical, 13.0 security and 3.0 non-career police investigator positions | Reduced Live Scan fingerprint service, Civic Center security and front desk service at substations. Greater workload on remaining staff. |
| Reduce Patrol Bureau Overtime by Reassigning (redeploying) Police Officers to Patrol Calls for Service from the Community Relations Division, Court Affairs Unit, Communications Center, DUI Unit, Internal Affairs, Planning & Research and Youth Services (\$1,908,000) Reassigns 14.0 Police Officers, 2.0 Police Corporals, and 6.0 Police Sergeants | Additional burden on remaining sworn and civilian staff. Reduced level of focused DUI enforcement. Fewer Planning and Research projects. Longer administrative processes for Internal Affairs investigations, various community outreach programs, investigations of youthful offenders. |
| Reduce Overtime by Reassigning Police Officers Working at Police Athletic League (PAL) Facilities Back to the Patrol Bureau and Utilize Parks and Recreation Employees to Staff PAL at Lower Rates (\$399,390) Reassigns 5 Police Officers | Reduced sworn presence at the three PAL sites. Increase number of Police Officers on patrol. (Note: A portion of this reduction offsets a cost of \$108,074, in the Parks, Recreation and Marine Department to provide Recreation Staff at the East and West Police Athletic League (PAL) Facilities, resulting in a net savings of \$291,316 to the General Fund.) |

Administration Bureau Summary

Services Provided:

Community and media relations; crime prevention programs; crime, arrest and fingerprint records coordination; budget preparation and execution; securing and administering of funding grants; fiscal performance monitoring; human resources management, payroll processing and benefits coordination; and facility maintenance.

Service Improvement Objectives:

Develop and implement innovative crime prevention and public relations programs.

Improve effectiveness of the Automated Reporting System/Records Management System.

Optimize the use of fiscal resources and manpower.

Improve the cleanliness and conditions of Police facilities.

Oversee the seismic retrofit of the Public Safety Building.

Develop and monitor a Facilities Maintenance Plan.

Investigations Bureau Summary

Services Provided:

Adult and juvenile criminal investigations of homicide, robbery, domestic violence, violent crimes, child abuse, forgery, theft, graffiti, sex crimes, narcotics, vice, gangs, and computer crimes. The Investigations Bureau's duties also include the handling and storage of evidence, the Career Criminal Apprehension Team (CCAT), and juvenile support including D.A.R.E. and PAL.

Service Improvement Objectives:

To maintain case clearance rate of 35%.

To maintain the number of Investigation Bureau cases cleared at 9,000 per year.

Support Bureau Summary

Services Provided:

To provide communications, prisoner custody, technology, planning and training for Department personnel to help meet the service needs of the community.

Service Improvement Objectives:

Provide dispatch response to 911 calls within ten seconds 93.5% of the time.

Provide temporary jail facilities for arrested law violators.

Provide training programs for Police personnel.

Provide food for in-custody suspects at a reasonable cost.

Goal 4 Provide timely and courteous customer service to all our clients

B1, B3

Service/Program

Customer & Tenant Services - Airport

Public Affairs - Airport

Respond to Citizen Inquiries

Strategic Plan Goal

Goal 5 Provide efficient and effective administrative support to Department operations to ensure optimal service delivery

Service/Program

Department Administration

Provide Internal Administrative Support Services

N/A

Fiscal Year 2003 Strategic Plan Accomplishments

Community Safety

- Completed safety upgrades to 24 traffic signal intersections.
- Installed new emergency Fire Alerting System in all City Fire Stations.
- Completed construction of Emergency Communications and Operations Center project on schedule and under budget.
- Conducted groundbreaking and commenced construction on North Long Beach Police Substation.
- Replaced over 700 school/pedestrian warning signs with fluorescent yellow-green signs.

Neighborhood Development

- Repaired \$4 million worth of sidewalks and curbs.
- Slurry-sealed or repaired 60 miles of streets.
- Completed citywide tree trimming projects in eight areas totaling 8,607 trees plus 17,748 block trees trimmed.
- Conducted over 1,400 engineering investigations in response to citizen requests for new traffic or parking controls.
- Repaired 41,061 potholes.
- Commenced renovation of facility to house the Miller Family Health Education Center.
- Implemented new international style crosswalks ("ladderwalks") at six uncontrolled school crossings.

Business Growth and Development

 Implemented pre-paid debit card (Cash Key) parking meters program in Belmont Shore.

Fiscal Year 2003 Strategic Plan Accomplishments

A recent independent audit of the Long Beach Airport's Noise Office verified a 99
percent capture rate of all aircraft that violated the City's Noise Compatibility
Ordinance.

Environmental

- Completed final 10 percent conversion of traffic signals to 100 percent Light-Emitting Diodes (LED) for energy efficiency.
- Clean Water Division has distributed educational information to over 500,000 people through community meetings, beach cleanup events and other outreach activities along with the City's interactive website http://www.lbstormwater.org.
- Coordinated various resources (i.e. support from various departments) for removal of graffiti from 15,365 sites.

Fiscal Year 2004 Department Opportunities and Challenges

Opportunities

- A pilot alley improvement program will be initiated in FY 04 reflecting the priorities of the community as communicated in the "Voice Your Choice" survey. A total of \$500,000 will be invested: \$250,000 in Community Development Block Grant (CDBG) funds and \$250,000 in Gasoline Tax. The program will be supplemented whenever possible through the use of recycled materials from other street improvement projects.
- The addition of Job Order Contracting (JOC) to the Public Works toolbox for small
 project delivery will provide a means to efficiently procure routine construction services
 at a lower cost than the traditional contracting process. The JOC is a procurement
 system designed to help public agencies more quickly contract for competitively bid,
 firm-price construction tasks on an as-needed basis.

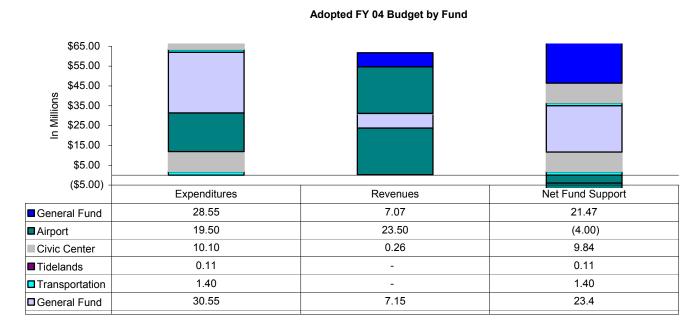

Challenges

- FY 2004 will challenge Public Works in its efforts to sustain core services while streamlining operations through reducing the number of staff. This will be accomplished through a reorganization of the Department, new methods of service delivery and management attrition.
- Lack of funding for aging public facilities and for local residential streets, which are in fair to poor condition, will hinder preventive maintenance and reconstruction efforts.
- Total passenger traffic at Long Beach Airport grew by 147% in FY 02. Balancing the need to accommodate the demand at the Airport with neighborhood needs will continue to be a challenge in the year ahead.

Structural Deficit Reductions

| DESCRIPTION | SERVICE IMPACT |
|---|--|
| Reorganize and Consolidate Department Operations including Facility and Street Maintenance (\$566,700) Elimination of 3.0 management positions Elimination of 2.0 administrative positions | The workload of remaining staff will be increased, thereby impacting administrative functions. The service impacts should be minimal, with possible increased turn-around time for service requests. |
| Shift Eligible General Fund Costs to Alternate Funding Sources (\$452,700) Shift General Fund support for Division Manager with eligible Prop C funding; reduce traffic studies Consolidate Traffic and Airport striping/signs operations Shift General Fund support for City Engineer with eligible Prop C funding and reduce street lighting costs | The shifting of General Funding costs to alternate funding sources will have no impact on service levels and will appropriately assess costs. Studies/counts related to traffic will only be conducted as required for public safety. Studies may be delayed until funding is available. The reduction of street lighting costs should have no impact if energy rates are cut. |
| Expand Energy Savings Measures in City Facilities and Expand the LED Traffic Light Replacement Program (\$118,800) Reduce air conditioning and lighting energy consumption Minimize traffic light energy spending and reduce signals and signs maintenance and repair. | The reduction of energy consumption should have no impact on service levels. The minimization of traffic signal/sign maintenance may result in delayed replacement of damaged or faded traffic signs. Priority will still be maintained for traffic signals and missing signs. |
| Eliminate Offsite City Council Meetings (\$18,000) | The Council decided in FY 03 to eliminate offsite meetings, allowing the department to cut overtime. No adverse impact to the Department is expected. |
| Reduce Support Costs for Engineering Project Design, and Subdivision Map and Developer Agreement Assistance (\$107,800) Reduce training and support for Project Design and Management Reduce customer service for subdivision maps/development agreements | The reduction of training and support should have no impact on service levels. The reduction of customer service may result in a delay in process for developers. |

Public Works Department Summary

^{*}This chart includes only the operating budget for the department. The Capital Projects budget of \$45,877,679 is not represented in the chart above.

Administration and Planning/Director Bureau Summary

Services Provided:

Development and administration of the Department's operating budget and the City's Capital Improvement Program (CIP) budget. General administrative support to the Department of Public Works' four Bureaus and management of Public Safety, Civic Center, Library Services, and Health Department CIP projects.

Service Improvement Objectives:

Manage departmental operations within authorized expenditure levels.

Limit the number of lost time injuries for the Department.

Construct Capital Improvement Program (CIP) projects within available resources.

Note: For Adopted FY 04, the Administration Bureau includes some budget from the former Public Services Bureau.

Airport Bureau Summary

Services Provided:

Operation and maintenance of a safe, efficient, and environmentally acceptable aviation business and industrial complex.

Service Improvement Objectives:

Fund 100% of Airport operations without General Fund support.

Achieve a combined rating of "good" or "excellent" for facilities and overall experience categories in the Airport "Quality Service" surveys.

Maintain identity of at least 98% of noise ordinance violators.

Engineering Bureau Summary

Services Provided:

Provide engineering and support for the Capital Improvement Program (CIP) and engineering services to the City including development and construction management services. Coordinate the Clean Water program.

Service Improvement Objectives:

Deliver planned and budgeted capital projects.

Provide plan check services in a prompt, courteous, and responsive fashion.

Promptly respond to assessment district inquiries by sending out information packets within two weeks.

Promptly respond to drainage complaints by field personnel reviewing the problem area and sending out determination letters to complainant.

Note: For Adopted FY 04, the Engineering Bureau includes some budget from the former Public Services Bureau.

Public Service Bureau Summary

Services Provided:

Maintain the City's median landscaping, street trees, streets, curbs, gutters, sidewalks, the Civic Center Complex, and City-owned facilities.

Service Improvement Objectives:

Increase or maintain the number of trees trimmed in block tree trimming operations.

Remove 95% of reported graffiti within three days.

Limit the number of lost-time injuries to eight per year.

Respond to after-hours disaster-related events and/or provide support to Police and Fire Departments.

Note:

For FY 04, the Department is proposing a departmental reorganization which will result in the elimination of the Public Service Bureau. Street landscaping functions will be transferred to the Department of Parks, Recreation and Marine. These changes will be reflected in the FY 04 Adopted Budget.

Traffic and Transportation Bureau Summary

Services Provided:

Operate and improve the City's surface transportation system, including the roadway network, traffic controls, and parking regulations as well as facilities for pedestrians, transit riders, and cyclists.

Service Improvement Objectives:

Minimize the Citywide traffic accident rate.

Respond effectively to all constituent traffic concerns.

Limit after-hours traffic signal call-outs through preventive maintenance and improved equipment specifications.

Support the development of new Council-directed transportation programs.

Capital Improvement Program Summary

Services Provided:

Strategic improvements to the City's existing infrastructure including major enhancements to parks, City buildings, storm drains, marinas, beaches, waterways, street lights, traffic signals, bus stops, bridges, and roadways. The Capital Improvement Program also provides for Americans with Disabilities Act upgrades and repairs to the airport, as well as one-time projects designed to address important community needs such as the construction of permanent police substations, the Emergency Communications and Operations Center/911 Facility, and a new library and community center along the Anaheim Corridor and skateboard parks.

Service Improvement Objectives:

Deliver planned and budgeted capital projects on time, within budget, and to the satisfaction of the facility users.
